## Program Intention

This program allows for your own soul destiny to be known through the lens of your personal and sacred Soul Codes, your Angel team, and, most importantly, your own deepest desires to have impact and acquire great wealth in this lifetime. What you want you can achieve in time. What you need will be offered, and provided. What you think are limitations are simply stepping stones for you to ponder, utilize, grow upon, and transform through your conscious intentions and conscious connection with Divine Love.

**What you currently fear can be what you most needed to happen in order to realize your greatest successes in this life.**

Suzanne Alexandria trains ambitious women serious about choosing their own destiny and allowing themselves to work **hand-in-hand** and **heart-in-heart** with the Divine. If that's you, then you're in the right place—for that's what a Priestess IS. That's WHO she IS. That's how she rolls. Thus, that's how WE roll—together, in the Light of the Christ Consciousness that we've already embraced.

“Consider that it might very well be your soul's destiny to know yourself so completely that you are the most shining expression of light and mobility that this planet has ever seen.” —Suzanne Alexandria

THIS is what being holy and dedicating yourself to the Divine means. It's about walking a dedicated path. And it's all here for you, darling. It's all ready for you to savor, experience & step into in a brand new way with these magnificent Lights upon this Earth: Archangel Uriel, The Mother of All Light, the Magdalene, Mother Mary, and The Goddess Isis in her sovereign Ring of Holy Fire, and The Boddhisatva Beloved Kuan Yin.

All of these being are your Guides on this journey. And they have so much to show you. All of us want to hold your hand, and see you outshine your past selves. This is an opportunity to allow these angel forces to shine their holy countenance THROUGH you as the highest vibration, clear vessel of light you can imagine.

Let it be known that as you further seek the light....it seeks you. Spirit seeks you. Your tribe seeks you. When we ask this prayer, the Light of Love makes itself known in the most beautiful and mysterious ways. It cannot help but be found, when you say yes. Because Divine Love yearns to be united in you and for you and with you and AS you. Divine Love yearns to help you be complete and whole and free.

As you lift your countenance upwards, gaze at the Heavens, to the source of all creation. It cannot be stopped because it has always been there, and all you need to do is to connect with it. Plug yourself in. Let yourself be filled.

And then, grow. And then expand.

And then, rest.

And then,

Grow.

Expand.

Rest.

Grow.

Expand.

Rest.

On and on.

As a blade of grass on a summer day.

When the summer sun offers just the perfect light to allow the blade to sharpen and push upwards and receive and be just as God planned for her to be.

To grow.

To be green.

To be exactly who and how she is.

And even when cut—to grow some more. Until the time to rest and recover and lay with the frost and snow comes.

And so it is with **your** growth.

Have you been in a time of dormancy?

Nothing wrong with that.

You've been preparing for a rebirth of galactic proportions. And we've been watching you for some time. We've been whispering to you:

'Grow. Grow. Grow.'

It is We who call you to this vastness of you-ness.  
Come. Find your way.  
Your Soul is ready to shine like the morning sun.  
We'll show you how.  
We'll lead the way.

Let's get started.  
It's all Divine...all the way home from here.

## **Overview of Support Provided**

This program is for seekers of the Highest Consciousness and an embracing of the Human Spirit in dimensions on earth and in Heaven. Our motto is: "As in Heaven, So let it be right here on Earth, right now." We believe in the power of bringing light and inspiration to the planet.

It's for those who really want to embrace alignment with the Divine, within herself, and through the highest planes of consciousness found in the realms of the Akashic Records.

It's destined to be a magnificent journey and is guided by the Archangel of Transcendent Beauty: Mirabel; and the Archangel of Wisdom, Communication, and the Christ Light: Uriel. As a priestess, you will journey with a sacred group over 4 months, receiving 9 different attunements of your own personal soul codes that will bring you more deeply into understanding yourself as a Soul Star Activator and an Agent of Divine Free Will for yourself, and others. *Suzanne*

I wasn't always able to think—let alone say—this. But now, it's my motto. So many souls are waiting for you, beloved. For you to shine. And in the end, you realize it's YOU who's waiting for you to shine. To give. To know. To glow.

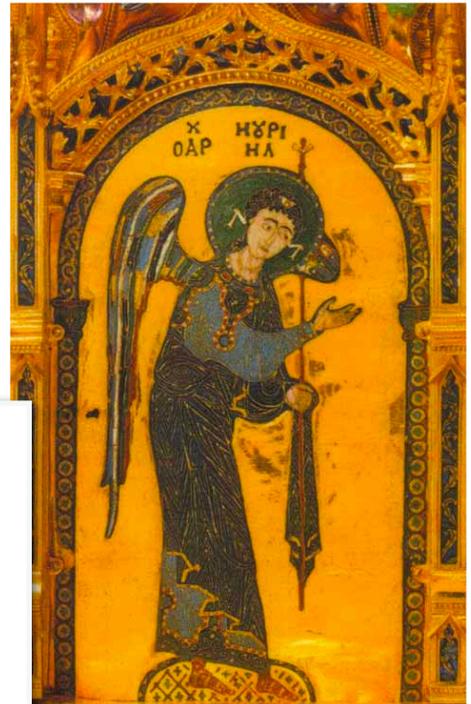

It would be my true, divine pleasure to be your guide into the deepest, most sacred aspects of yourself with the angels and your guides, and a beautiful group of healers who live now in beautiful service to the Light of the Divine.

This is a sacred journey. It's one that calls directly FROM your own sacred heart. And it's my gift to help you attune that sacred heart temple to all the love you can freely have...and give..in this life.
